

Magnetic cones for iron separation

MAGNETIC SEPARATORS

- ✓ Many models ready for use
- ✓ Easy to apply
- ✓ Other models available on request

Magnetic cone separators are used to lock magnetic elements, such as iron bolts and screws, from bulk and liquid materials. They are designed to work in silos and pipes. They are mostly mounted in so-called "revisions".

They are intended to work in the food industry, as well as in plastics processing, ceramics and many other industries.

MODEL	MATERIAL	DIMENSION (mm)		M	Weight (kg)	Working Temperature
		Ext Diam	Lunghezz			
Conical magnetic separator 210 x 370 / 405 / M16 / F	Ferrite	210	405	M16	49	250° C
Conical magnetic separator 150 x 280 / 330 / M12 / F	Ferrite	150	330	M12	14	250° C
OTHER MODELS ON REQUEST
